To: Regional Foresters, Station Directors, Area Director, WO Directors, IITF Director and Deputy Chiefs

The Watershed, Fish, Wildlife, Air, and Rare Plants Staff is accepting nominations/registrations for fiscal year 2014 Continuing Education program for Natural Resource Professionals (CE-WFW). The CE-WFW program is celebrating 27 years of providing valuable interdisciplinary education for a broad array of natural resource disciplines and agencies. Workshops are open to everyone.

We invite all employees to review the [selection of workshops](#). Many workshops, such as *Leadership & Communications*; *Environmental Negotiations* and *Plain & Simple! Document Writing*, are applicable to employees from any natural resource management discipline or staff area. Line officers will be particularly interested in *Water Resource Management for Line Officers*; and *Endangered Species Act for Line Officers*.

The CE-WFW Web site provides detailed information. To get the workshop(s) you want, please register through AgLearn by mid-September. Regions 3 and 8, please contact your Regional CE Coordinator for special fiscal and application instructions. If a participant withdraws from a confirmed workshop, a substitute is needed or the supporting unit is expected to pay tuition or fixed costs.

You are welcome to share this information with other agencies, tribes, or partners.
